To Whom It May Concern:

As discussed with Valeri Termini, Dr. Harry Wong, President of California Ships to Reefs, Inc. would like to make a presentation at the April 17th OPC meeting in Monterey. He will discuss how the CS2R project helps to address 4 of the 7 priority issues discussed in the WCGA Discussion Paper.

I have attached information that we would like to be included in the material packet for the OPC members. I am sorry this is late, but we were in a board meeting yesterday, and I failed to get this to you before the end of the day.

Please feel free to contact me if you have any questions.

Sincerely,

Eleanore Rewerts
